

Two items from army life tickled the telegraph wires last week and this.

Last week's story was about a GI carrier pigeon which had been AWOL for eight years. He came back to the army with his message pouch — but no message.

The question that arises in your mind, now, is whether the army can tell after all these years what that message was. The pigeon took out and lost. You can dispose of that doubt at once. Millions of filing cabinets will pop open. GIs will run all over the Pentagon — and the army will come up with the text that was sent but never arrived.

And yesterday there was a story about a New England taxi-driver's advertisement which went around the world and got a call from the GIs in Korea. The taxi-driver's ad guaranteed that if you "just tell us where you are and where you want to go—we'll get you there."

Twenty-two lads in Korea reading the home town paper spotted the ad and wrote Mr. Taxi: "We're about 16 miles beyond the 38th parallel. Take the main supply road, turn at the first right and we're in the first foxhole in a rice paddy without water. We'd like a cab immediately."

The taxi-driver couldn't go. It wasn't that he objected to the boys coming home. He just didn't want to go to Korea... himself.

## Bakeries Back on Job in New York

New York, July 11 —(AP)—Bakers re-kindled ovens at 1 major baking firms in the New York area today after settlement of a nine-day strike by 4,000 AFL truck drivers.

The strikers and their employers agreed to a city-sponsored peace pact last night. The drivers are expected to resume deliveries early tomorrow.

But first the baking firms' inside employees had to return to work. The bakers were not on strike, but they had refused to cross the drivers' picket lines.

A chief union gain in the settlement — a 40-hour, five day work week — was expected to set a pattern for 50,000 AFL drivers across the nation. It also might bring an eventual price increase of one or two cents per loaf because, the bakers contend, they will have to pay their drivers overtime or hire more help to maintain six-days-a-week deliveries.

The union, the AFL international brotherhood of teamsters, lost demands for a \$10 wage increase and two per cent cost in salesmen's commissions.

A union spokesman said drivers will receive the same pay for the five-day week as they received for a six-day week, which also consisted of 40 hours. He said drivers average \$90 to \$100-a-week in salary and commissions.

## Weather Is Fickle—Snow, Rain, Heat

By SAM DAWSON

New York, July 11 —(AP)—Now the weather's getting in the act. It's as confusing as anything in the Washington scene, or the whither-are-we-going debate in business. And that's pretty confusing.

A 20-inch snowfall closes the northeast approach to Yellowstone National park. New Yorkers are ashamed of the heat wave that's giving to warm a welcome to some 100,000 visiting shriners.

Too much rain has flattened some Kansas wheatfields, flooded some midwestern cornfields. Drouth plagues the southwest and Arizona reservoirs are low. The southeast has a searing drouth, too, this spring. But the hot sunny weather is reported fine for the big cotton crop in large areas of the south.

And the department of agriculture tells us that in spite of all the confusing weather reports, crop prospects by and large are among the best the country has ever known. The government's experts even tell us that this year it looks as if the potato crop is going to be just about right — no surplus to buy up and dump.

The heat isn't helping matters much in Washington, however. Uncertainty is still the password, many business men complain.

While business is trying to guess, along with everyone else, what will be the outcome in Korea — a cease-fire or not, and if so, are we going to get rooked?

CASUALTIES LISTED  
Washington, July 11 —(AP)—The defense department today identified 135 more Korean war casualties (list No. 351). Of the total, 29 are dead, wounded, 13 missing and 17 injured in battle zone accidents.

South America once was buried under an ice cap, according to an eminent Swedish geologist.

## Cotton Outlook for Arkansas Is Fairly Grim

By The Associated Press

A rim crop outlook facing Arkansas cotton apparently is spreading to most of the state's other crops, with one exception — soybeans.

In a report on the agricultural situation Tuesday, miles McPeck, agricultural statistician, forecast production declines in corn, peaches, potatoes and sweet potatoes.

While production estimates for the soybean crop have not been announced, the indicated acreage is the largest in the state's history.

McPeck predicted the production of rice would show a 2 per cent increase over last year's output, but he attributed the rise to a 50 per cent increase in plantings.

The statistician forecast a drop in production of rice per acre from 2,325 pounds last year to 2,250 in 1951. He put the overall production at 10,035,000 bags of 100 pounds each this year, compared to 7,975,000 last year.

The new corn crop is expected to yield 2 bushels to an acre or a total of 28,990,000 bushels, in comparison with 27 and 38,10,000 in 1950.

McPeck said plantings dropped from 1,430,000 acres last year to 1,115,000 and blamed the decline on the freeing of cotton from federal production and marketing controls.

Arkansas' peach crop is expected to total 1,110,000 bushels, compared to 1950's 1,980,000 bushels. The decline is attributed by McPeck to late spring freezes in the state's peach producing areas.

Declines in potato and sweet potato production, noted in the state for several years, will continue, McPeck said.

Meanwhile, a number of depressing factors continued to make up the cotton situation.

Boll weevils and other insects were attacking in fields already soaked by too much rain and filled with grass and weeds. On top of all this, a critical shortage of choppers is forcing some farmers to abandon cotton.

Two "weevil scouts" for the agricultural extension service reported emergency of first generation boll weevils, especially in the southwestern areas of the state.

Other areas also were having their troubles with the cotton-destroying insects.

Lawrence county reported 40 per cent infestation in 15 to 30 fields checked. Eastern Arkansas, particularly Lonoke, Crittenden and Monroe counties, had a low percentage of infestation. But Ashley county southwest Arkansas, reported weevils in 8 of 71 fields checked.

Lincoln county showed from two to 79 per cent infestation in 11 out of 12 fields.

Drew, Craighead, Independence, Jefferson and Chicot counties also have weevil infestation.

Faulkner county in central Arkansas reported 85 per cent of its fields suffering from boll weevil damage.

Other insects also were attacking the crop. They include aphids, boll worms and cutworms.

The abor situation has tightened considerably in the face of an urgent need to get the late crops cleaned out said the Extension Service.

In Lincoln county, farmers were reported abandoning their crops because of grass and excessive cost of chopping.

A London curiosity shop exhibited a teapot with three spouts, permitting the pouring of three cups of tea at one time.

## Hit-Run Driver to be Given Hearing Thursday

A Yancey man, Wallace Reed, was picked up late yesterday by Arkansas State Police in connection with a hit-run accident earlier at the Red River bridge at Fulton.

Robert R. Ruppert of St. Louis, a motorcycle rider, was injured in the accident.

Reed will be given a preliminary hearing in municipal court Thursday morning before Judge W. K. Lemley. He was released on \$150 bond, Deputy Sheriff Allen Shipp said today.

## Police Seek Slayer of Young Girl

London, July 11 —(AP)—Two detectives called on American boxer Sugar Ray Robinson's party here today seeking clues in the slaying of a little girl.

The battered, violated body of the seven year-old child, who vanished from a camp outside Robinson's train in camp at Windsor, was found last night.

Robinson's aides said police man in a fray suit apparently being out in the killing.

Party at their hotel in downtown London shortly after the y returned from last night's fight, when Robinson lost his world middleweight title to Randolph Turpin.

Two plain clothes detectives returned later.

The child Christine Butcher, 11, lived in a house only about 30 yards away from Robinson's training camp.

She left home after telling her parents she wanted to show her blackface doll, "Blackie," to Robinson and hoped she might get to ride in his fuchsia colored Cadillac.

She was not seen again until her strangled body was found yesterday in a field of grass called Stevens meadow, a picnic spot along the Thames, not far from Robinson's training camp and within sight of Windsor castle.

The belt of her blue gabardine raincoat was tied tightly around her neck.

A bag of candy which she had been clutching when she left home lay nearby in the grass.

## Two Convicted Negroes Taken to State Prison

Dannie Lewis and Carl Turner, Hope negroes, who were convicted after a jury trial in the April term of Circuit Court of assault with intent to kill, have been taken to the State Penitentiary July 7.

They had appealed to the Supreme Court but did not perfect their appeal in the time allowed.

The incident occurred at Calvin Douglas' place on North Hervey street, Lewis shot and injured a Blavins negro boy and Turner aided and encouraged him.

Lewis was sentenced to serve 4 years and Turner 3 years.

## More Combat Troops Home

San Francisco, July 11 —(AP)—Two more military transports returning combat veterans from Korea arrive today.

The Gen. C. Breckinridge is carrying 2,092 servicemen and the Sgt. Charles E. Mower 288. Another 1,25 fighting men arrived yesterday aboard the President Jackson.

The Gen. D. I. Sultan is due tomorrow with 350 more.

## Announcement

Many newspapers faced with the increase in the cost of newsprint on the first of July and several preceding increases within the past few years, and with a substantial continuing increase in all costs of material and labor, have found it necessary to either discontinue publication or consolidate with another paper.

This situation exists with the newspapers in Hope and prospects are that all operating costs will continue to rise for an indefinite period.

Under these circumstances The Hope Journal is suspending publication after today and has made arrangements with Hope Star to take over its subscription lists insofar as the availability of newsprint permits, but with the option of refunding pro rata to subscribers who are paid in advance.

The present ownership of Hope Star has served this city for the past 22 years and will continue to work for the economic and social betterment of Hope and its trade territory.

## Death Penalty Asked in Rape Trial

Vicksburg, Miss., July 11 —(AP)—The case of Lo nie Bevell, 27-year-old white veteran charged with raping a Negro woman, was expected to go to the jury some time today and the state is asking for the death penalty.

Bevell is charged with raping a Negro woman, at gunpoint last New Year's eve. The woman took the stand yesterday and identified him as the man who attacked her.

Bevell is a Batesville, Miss., farmer who has served in the army and navy.

The woman gave this version of the attack:

She was seized from a group of Negroes near a country store by Bevell and another man about 8 p. m. Bevell told her "I am the law, I am going to arrest you."

She said Bevell tore off her clothes and raped her, then later threatened to kill her. "I begged for a chance to pray," she said, adding that she was knocked out while on her knees.

"I woke up about daybreak, got up and tried to find the highway," she said. "I kept falling down."

She found a farmhouse and was brought to Vicksburg, where she was hospitalized five days.

The state rested its case yesterday after a series of witnesses told one finding her clothes.

One of them, J. G. Haskin, said they were scattered over a wide area and "they were ripped and torn and looked like they had been washed in blood."

There is no indication that Bevell will take the stand, although his wife is expected to testify for him.

## Demolition Crew Is Not Available

Deputy Prosecuting Attorney Royce Weisenberger has received a letter from Capt. William J. Stovall, Camp Chaffee, indicating no demolition squad would be available at the present time to explode shells found in the Proving Ground.

Mr. Weisenberger said that any one finding shells which they want checked should contact him or the sheriff's office and give the exact location.

Capt. Stovall's letter follows: Dear Mr. Weisenberger:

Regarding existing explosive ammunition situation at Hope, Arkansas, in and around old Southwest Proving Ground area, wish to advise that due to circumstances beyond my control it is impossible to dispatch a demolition team from this station to Hope, Arkansas, for the purpose of disposing of HE ammunition there at present time.

I do wish to state, however, that prior to arrival of demolition crew, Hope, if at any time a HE shell is uncovered which you believe to be a hazard to the safety and welfare of the people of Hope, Arkansas, I will be glad to assist you in any way possible by sending a demolition expert from this station to Hope, Arkansas for the purpose of dud disposal.

Again assuring you of our full cooperation from this station and asking that you do not hesitate to call upon us, I am,

Yours very truly,

## Mrs. T. G. Martin, of Spring Hill, Succumbs

Mrs. T. G. Martin, aged 78, a resident of Spring Hill, died yesterday at the home of a daughter, Mrs. Lloyd Jones of Palmos.

Funeral services will be held at 2:30 p. m. Thursday at Spring Hill Baptist Church. Burial will be in Hickman Cemetery.

She is survived by her husband and several grandchildren.

## Stamps Rotarians Visited by Melon Festival Delegation

Ray Lawrence and Royce Weisenberger attended a meeting of the Stamps Rotary Club today noon and presented the organization with some good Hempstead water melons.

They were accompanied by two lovely clan queens, Kelly Marlar and Bobby Jean Formby, who invited Stamps citizens to the Hempstead melon festival.

## Hungarians Evict at Least 30,000

Washington, July 11 —(AP)—The state department radio estimates that 30,000 persons have been evicted thus far from their homes in Budapest during a reported Hungarian Communist purge of "undesirables."

The "Voice of America" in a broadcast overseas this week said such evictions have also now begun in the Czechoslovak cities of Brno and Bratislava.

One account from Hungary told of evacuees living in forced isolation in a stable, beaten and otherwise treated like animals.

Two members of the American legation staff at Budapest who were ordered out of Hungary by the Communist regime said on their arrival in Vienna last week that probably 14,000 had been evicted in the past seven weeks.

The "Voice" said in a report broadcast in many languages over recent days that "facts are now to the West — facts which have been smuggled out from behind the Iron Curtain or which have been brought out by refugees who themselves were marked for deportation and who managed to escape."

"First-hand accounts indicate that once-beautiful Budapest today is a city of unrest and even terror, especially at night," the "Voice" said. "This is when the hated deportation orders are received."

## New York Is Host to the Shriners

New York, July 11 —(AP)—Fun-loving shriners, here for their 77th annual convention, today delve into the serious business of operating hospitals for crippled children.

New Yorkers saw a six hour parade yesterday, then treated themselves to a "Bazaar" show in Madison Square Garden last night.

But today the convention turned to its real business. The organization is the Ancient, Arabic order, Nobles of the Mystic Shrine — operates 17 hospitals for children in the U.S., Canada, Mexico and Haiti.

The hospitals have treated more than 240,000 youngsters. Annual cost of operation the institutions is estimated at \$3,200,000.

Funds come from the shriners' individuals, other fraternal groups, bequests and wills, and such charitable events as the annual East-West allstar football game in San Francisco on New Year's day.

Tomorrow, the shriners will elect officers. Then they return to meriment and a torch-light, repeat performance of yesterday's parade.

Gen. Douglas MacArthur, him self a shriner, said yesterday he would review tomorrow night's parade through Times Square.

## Peace Won't Last Say Nationalists

Talch, Formosa, July 11 —(AP)—Nationalist Chinese officials assert the cease-fire talks in Kaesong will not lead to permanent peace in Korea.

They say the Reds are only trying to build up a situation whereby Korea would be left open to quick and easy attack.

The Communists are trying to do this, the officials say, by having United Nations troops leave the peninsula altogether, while they would only pull back across the Yalu river into Manchuria.

Both official and unofficial sources continue to stress that Red China is preparing for a full-scale international war.

They say the Reds are building new railways and highways, expanding air fields and carrying out full mobilization.

## Good Water Is Necessary for Livestock

Plenty of good water is a must for successful livestock program. On many farms in Hempstead county ample livestock water is not available and must therefore be provided. The cheapest and most practical method of providing this needed water supply is by means of constructing stock ponds.

As Guy H. Hicks of the Cross Roads community puts it: "No pasture is any better than its water supply."

Mr. Hicks constructed a pond on his farm in 1949 through assistance rendered him through the Production and Marketing Administration. This fine pond has a surface area of approximately two acres. Mr. Hicks further stated that he stocked the pond with fish in the fall of 1949 and that he was enjoying some good fishing now.

According to Earl N. Martindale, Chairman of the PMA County Committee there have been more than 650 excellent stock ponds constructed in Hempstead county through PMA assistance since 1948. Most of these ponds he said, have been stocked with fish and are supplying the farm family with fish for the table as well as water for livestock production.

He further stated that adequate water provided by these ponds increase meat production due to the fact that the pastures are more evenly grazed and therefore better utilized.

Stock ponds also assist in preventing erosion and floods by holding much of the surplus water near its source, Mr. Martindale said.

In order for farmers to obtain assistance in building these stock ponds it is necessary that they secure prior approvals from the Hempstead County PMA committee before beginning construction. Farmers who have recently obtained approvals and constructed stock ponds in Hempstead county include the following:

Roy Reed, Ozan; S. W. Ingram, Nashville; J. V. Reed, Ozan; A. C. Hulston, R. 1, Nashville; Noah Moses, Rt. 1, Nashville; C. G. Beavers, Rt. 1, Fulton; Chas. W. Key, Hope; Jack Huckabee, Rt. 1, Hope; J. O. Harris, McCaskill; O. C. Robins, Ozan; A. M. Hulsey, Washington; Louis S. Townsend, Rt. 2, Emmet; U. G. Garrett, Hope; James C. Russell, Hope; W. T. Jones, Rt. 1, Washington.

Among those who have requested prior approvals are: P. W. Anderson, Rt. 1, Hope; Earl Stone, Bleavins; W. M. Frazier, Washington; C. F. and Wade Gilbert, Washington; Ralph Burke, Rt. 3, Hope; E. C. Cline, Rt. 1, Nashville; H. Earl King, Nashville; D. M. Worth, Rt. 3, Hope; Earl Jester, McCaskill; Floyd Matthews, Ozan; W. T. Hill, Ozan; H. T. Hollis, Palmos; and Joe Martin, Rt. 1, Hope.

Farmers who do not have ample stock water to carry their livestock through the hot dry season should contact the county PMA office and SCS office located in the Hempstead county courthouse in Hope for complete details on the pond building program and the assistance available.

## Combat Pay to Soldiers, Asked

Washington, July 11 —(AP)—Two congressmen are circulating a petition to force house action on legislation to give combat pay to fighting servicemen in Korea.

Reps. Olin Teague (D-Tex.) and Charles Potter (R-Mich.) — both Purple Heart veterans of World War I — sent letters to all house colleagues yesterday urging them to sign the petition. It would squeeze out of committee a bill to pay \$100 a month extra to officers, and \$50 more a month to enlisted men, for time spent in combat.

Their letter said the bill was introduced by Chairman Vinson (D-Ga.) of the house armed services committee with defense department backing, but has not been acted upon by the committee.

If 218 house members sign the petition the committee would be required to send the bill to the house for a vote.

The Canadian and British bar is 35 imperial gallons, with the gallon being equal to five American quarts.

## Optimism Note Sounded in Peace Parley

By The Associated Press

A note of optimism has been sounded in the cease-fire talks in Korea.

A United Nations briefing officer said negotiators may now get down to brass tacks. "And that an armistice is much nearer than a day ago."

The official communiqué was hopeful, too—but not quite so enthusiastic. It revealed that a better understanding has sprung up between negotiating parties because of the changed attitude of the five Communist generals.

Neither the communiqué nor the briefing officer mentioned communist demands as broadcast by Red radios. But Allied delegates asserted they definitely will not discuss one issue it's political. This is the demand that foreign troops get out of Korea immediately.

And incidentally, a little clarification has been made on this point. The early impression from Rear Admiral Arleigh Burke, a member of the U. N. team, was that the Allies would not discuss withdrawal of U. N. forces of parralel 38. A quick recheck revealed this was an error. What Burke said was that the Allies would not discuss withdrawal of Allied troops from Korea. A faulty phone connection between Tokyo and Seoul was blamed for the misunderstanding.

Five Allied cameramen were allowed to take a trip to the scene of the armistice talks at Kaesong. They arrived in a single truck without convoy and were given no assurance of safe travel by either U. N. or Red officers. Through they snapped some pictures of reluctant Communist soldiers whom they found friendly and polite.

No new developments on the fighting has come through. An aerial battle over Northwest Korea was the highlight 34 Allied planes tangled with about thirty Communist MiG's jets.

The score—three Red planes down and another damaged. The ground-war continues to be quiet.

And there is still no confirmation from Allied forces on a claim made by the Korean Communist radio at Pyongyang. The broadcast said three Allied ships were sunk off the West Korean coast by Red gunfire.

Eastland, himself, would not discuss the matter. This correspondent approached him after having checked and double-checked the reports from other sources, and the Mississippi senator said his lips were sealed "for the time being."

"All our members are pledged to refrain from discussing the work of the committee until the public hearings have started," Eastland explained.

The senator said he expects that his subcommittee will "start several more" executive sessions before the July 24 reopening of public sessions.

To Hear Fields, Latimer  
The subcommittee will, in fact, have before it during this week Frederick Vanderbilt Field, who was recently cited for contempt of court for refusing to reveal the source of funds supplied to the board for four fugitive Communist leaders, members of a group of 11 recently ordered to jail following conviction for criminal conspiracy.

After spending last Friday night in jail, Field was admitted to the 1000 but on the contempt charges. He is known as the "Red" Communist cause, supplying fuel for the top Communists in 1949 and for the 17 "second echelon" party leaders arrested last month on charges of conspiring with the 11 convicted leaders to teach and advocate overthrow of the government by force.

Also scheduled to appear before the Eastland subcommittee this week is Otto Latimer, who was cited for contempt of court for refusing to reveal the source of funds supplied to the board for four fugitive Communist leaders, members of a group of 11 recently ordered to jail following conviction for criminal conspiracy.

# This is the Value that Plymouth builds

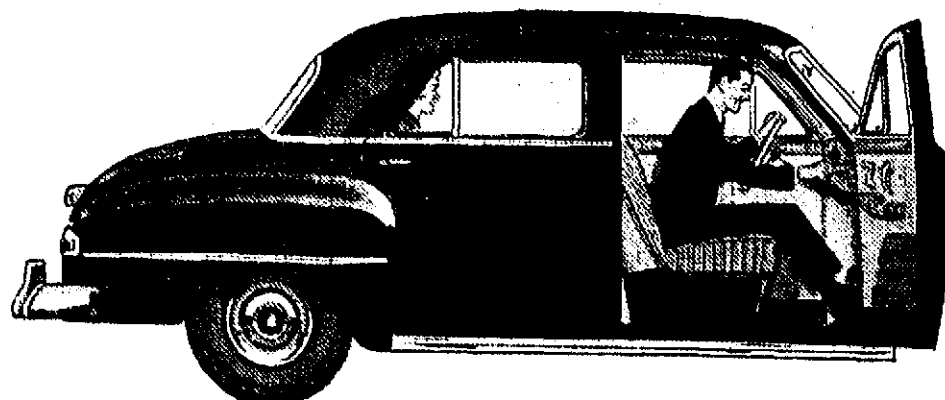

\* THIS IS THE SAFETY-RIM WHEEL that protects you in case of a blowout. It keeps a deflated tire firmly on the rim so it won't twist and throw your car out of control.

\* THIS IS THE DOOR that opens wide—10 to 12 inches wider than in the other two leading low-priced cars. It means easier, more graceful exits and entrances. And door openings are higher too.

\* THIS IS THE CHAIR-HEIGHT SEAT, highest in the lowest-priced field. With legs and back fully supported, you sit in an erect natural posture that means more comfort, less fatigue. There's ample headroom too.

\* THESE ARE THE CONTROLS and conveniences that only Plymouth offers in the lowest-priced field: An ignition key that starts the engine and puts the automatic choke in operation... electric windshield wipers that don't slow down when you step on the gas... and Safe-Guard Hydraulic Brakes that give you better, more certain control because they have a total of six hydraulic cylinders compared to four in the other two leading low-priced cars.

\* THIS IS THE ENGINE, and the only engine in the lowest-priced field, that offers the brilliant performance of 97 horsepower with 7.0 to 1 compression ratio.

\* THIS IS THE CAR with "Safety-Flow Ride"—one of the greatest engineering advances in automotive history. New Oriflow shock absorbers, along with other features, give you three times the cushioning power of ordinary shock absorbers... sure-footed safety on the roughest roads... a relaxed and restful ride.

Equipment and trim are subject to availability of materials

described as the committee which has set out to "find the Communists in government that the Tydings Committee would not find. And since the resignation a few weeks ago of members of a similar special committee, headed by Admiral Chester W. Nimitz and appointed by President Truman, the McCarran committee has had free rein in its investigations. The president declared, when he expected the group within the executive department, that he desired Nimitz and his associates to study and recommend a plan for internal security "without destroying the basic rights" of U. S. citizens.

Nimitz and his associates resigned after congress would not grant them exemption from a statute which provides that anyone working for the government may not represent private interests during their period of government service. The president refused to accept the resignations, and requested the senate judiciary committee, of which McCarran is chairman, to grant the exemptions. Only two of the 13-member judiciary group voted to recommend the exemptions to congress.

The internal security group was authorized last December under a resolution sponsored by eight senators for continuing the investigation of Communist in government that had been halted by the creep of a probe by a senate foreign relations subcommittee, headed by the then Senator Millard Tydings, Maryland.

The Tydings group's report was declared by several senators on the floor to have been a "white-wash." In effect, it found no evi-

dence of Communists in the state department. At any rate, the senate demonstrated an obvious dissatisfaction with the Tydings subcommittee's work by transferring the investigation to a Judiciary subcommittee, headed by McCarran, and making it more all-inclusive.

## PSC to Consider Rail Rate Hike

Little Rock, July 11 — (AP) — The Arkansas public service commission has taken under advisement an application of five railroads for reconsideration of certain commodity exemptions from a recent freight rate increase. When the PSC granted the lines intrastate rate increase in 1948 and 1950, it exempted road aggregate, agricultural limestone, asphalt, rock, coated sand or stone, chat and gravel. The railroads yesterday asked the PSC to lift these exemptions.

**Sugar Ray**  
Loses to  
Britisher

London, July 11 — (AP) — Sugar  
Ray Robinson, once considered  
boxing's invincible fighting ma-  
chine, was stripped of his world  
middleweight crown today after ab-  
sorbing a terrific beating by Ran-  
dolph Turpin, a comparative new-  
comer to fist fighting's big time.

Turpin, 23-year old Negro almost  
unknown outside of his British  
homeland, astounded the boxing  
world by soundly whipping the  
New York titleholder in 15 rounds  
last night as a capacity crowd of  
18,000 in Earl's Court arena  
cheered in disbelief.

The 31-year old Robinson's fistie  
world collapsed around his bat-  
tered features, but he'll get a  
chance on his home grounds to get  
his title back next September.

Immediately after the fight, Rob-

Mrs. Mattie Clark, Mrs. Mattie  
Smith, Mrs. Durnally Phillips, Mrs.

Douglas all of Hope, and Mr. and  
Mrs. Jim Bowie of Chicago.

Mrs. Bessie Harrie of Chicago,  
Ill., Mr. and Mrs. Albert Curtis and  
Sarah Mobley of St. Louis, Mo.,  
are visiting Mr. and Mrs. John  
Coleman.

The Ward triplets, sons of Mrs.  
Roy Ward, Calvin, Alvin and Mal-  
vin, who received so much pub-  
licity when they first went to the  
army, are at home on a ten-day  
furlough. The Ward brothers were  
stationed at Camp Chaffee in Fort  
Smith.

Bennie Dixon of Chicago, Ill., are  
visiting his parents, Mr. and Mrs.  
Larry Dixon.

James Williams of Chicago, Ill.,  
are visiting relatives and friends.

Inson's manager, George Gahn-  
ford, said a return bout would be  
held Sept. 2 in New York.

"He was better than I was,"  
Robinson said without offering any  
alibi. "I lost," he said simply.

Un-awed by the champion's daz-  
zling reputation, young Turpin  
zored in from the start to out-  
punch, outbox and outsmart the  
overwhelming favorite who has  
been hailed in recent years as the  
greatest fighter — pound for pound  
— anywhere in the world.

"I thought I was winning all the  
way," Turpin declared as he ran  
into his dressing room. "He never  
hurt me once." Randy was quite  
right.

Turpin finished without a  
scratch, while Robinson just bare-  
ly escaped in the 14th round and  
ended up with a deep cut on his  
left eyebrow and another gash high  
on his left cheekbone. The eye-  
brow cut apparently came from a crash  
of heads in the ninth round.

The Associated Press scorecard  
gave Robinson, who had lost only  
one other fight in 133 bouts cov-  
ering 11 years, just four rounds.  
Turpin got nine, with two even.

## Legionnaires Win Again at Murfreesboro

Hope's Legionnaires took another  
game from the lowly but improved  
Murfreesboro team last night by a  
6-0 margin.

Bob and Buddy White singled and  
doubled in Hope first tally in the  
third. Huddleston's double and  
Anderson's triple brought 2 in the  
4th. Bob White and Ridling singled  
in 2 more in the 5th and errors gave  
them another in the final stanza.

Edsl Nix was the winning hurler,  
allowing 5 hits, 5 walks and struck  
out 8.

Thursday night the Red River  
Tories will come to Hope for a  
return match. In their previous  
game here, one of the best of the  
year, Hope was victorious 2-0.

## Travelers Play All Star Team Tonight

By CARL BELL

Little Rock, July 11 — (AP) —  
Choice talent and a couple of  
yo untraditions will be lined up  
against the rags-to-riches Little  
Rock Travelers here tonight in the  
13th annual Southern association  
all-star game.

Hosts — the team leading the  
league on July 4 — and the all-  
stars, picked by sports writers,  
have alternated at winning in the  
last 10 of the mid-summer classics.  
And, if that form is followed to-  
night, the stars will triumph.

Another tradition — or hoax, if  
you will — has been tied to the  
Travelers' home stands this season.  
In six tries, they've won only  
once on the first night home. To-  
night will mark the Hot Rocks' re-  
turn from their latest road trip.

Seven players named to the all-  
star squad will be the Travelers' sale.  
One of them, lefty Bob Crum,  
who owns a season record of sev-  
en wins and three losses, probably  
will open on the mound for the  
league leaders.

Opposing him probably will be  
Jim Atchley (17 - 3), Nashville  
right-hander. However, all-star  
Manager Don Osborn of Nashville  
may start Howard Anderson of At-  
lanta (9-).

The all-stars, as usual, will have  
an edge in offensive power. All  
but two of the all-star starters are  
slamming the ball at clips of 309  
or better. One, J. Piersall of  
Birmingham, is hitting a lousy 385.

Another Baron outfielder, George  
Wilson — who will be the Stars' cleanup  
man, boasts a 349 average.

The Travelers have no slouches  
at the plate — having size regu-  
lars with 300 plus averages, but  
their forte is defense. They're the  
top fielding combination in the  
league, and therein is a big rea-  
son for their perch atop the pack  
almost from the season's start.

The experts had picked them to  
finish somewhere near the cellar  
— their 1950 position and a spot  
they have held in four of the last  
six campaigns.

In the past, being host for the  
all-star game has been a god-  
send for a Southern team's pen-  
nant aspirations. Nine of the July  
4 leaders in the past 12 years have
